

I.T. REPORT (AUGUST)

DAVID BUFORD

I.T. COORDINATOR

THIS MONTH HAS BEEN NOTABLY ACTIVE AS WE PREPARED FOR THE RETURN OF ALL HEAD START STAFF AND STUDENTS TO THEIR RESPECTIVE CAMPUSES. THE IT DEPARTMENT WORKED DILIGENTLY TO ENSURE THAT ALL NECESSARY EQUIPMENT AND SERVICES WERE READY AND OPERATIONAL IN TIME FOR THE START OF THE ACADEMIC YEAR.

CAMPUS IT STATUS:

ALL CAMPUSES HAVE BEEN INSPECTED AND TESTED TO ENSURE PROPER FUNCTIONALITY OF ALL IT SYSTEMS AND INFRASTRUCTURE. AT THIS TIME, THERE ARE NO REPORTED ISSUES WITH IT EQUIPMENT ACROSS ANY OF THE CAMPUSES. SYSTEMS ARE RUNNING SMOOTHLY AND ARE FULLY OPERATIONAL.

SOFTWARE AND APPLICATION UPDATES:

TO ENHANCE DOCUMENT HANDLING AND EDITING CAPABILITIES, ADOBE ACROBAT LICENSES HAVE BEEN PURCHASED AND DISTRIBUTED TO STAFF. THIS HAS ALREADY PROVEN BENEFICIAL IN ALLOWING STAFF TO ACCESS, READ, AND MAKE NECESSARY CHANGES TO OFFICIAL DOCUMENTATION WITH EASE AND ACCURACY.

SERVER PROJECT UPDATE:

PROGRESS CONTINUES ON THE NEW SERVER SETUP:

ONE SERVER HAS BEEN SUCCESSFULLY CONFIGURED AND IS CURRENTLY OPERATING IN A TEST ENVIRONMENT WITHOUT ANY ISSUES.

TO ENSURE SECURITY AND RELIABILITY, THE SERVER WILL REMAIN OFFLINE FROM THE AGENCY'S NETWORK UNTIL ALL BUGS AND PERFORMANCE CONCERNS HAVE BEEN FULLY ADDRESSED.

THIS IS AN ONGOING PROJECT, AND EARLY TESTING RESULTS ARE PROMISING. WE ARE ON TRACK TO INTEGRATE IT WITH THE AGENCY'S INFRASTRUCTURE IN THE NEAR FUTURE, ONCE WE ARE CONFIDENT IN ITS STABILITY AND PERFORMANCE
